

GrEAT skype call No.4

June 20 2018

Update on signing GrEAT network collaboration agreement

Almost signed by all institutes.

Update on institutional information listed at GrEAT website

https://gilsay.physics.gla.ac.uk/dokuwiki/doku.php?id=great_network:start

list members. Waiting info from several institutes (birmingham/cardiff/chuangchun), input: name/interest.

Purpose: get people familiarised. Assign workpackages.

date/location for the F2F GrEAT meeting

One proposal of BNU. Doodle pool Aug. / Sep. Leaning Aug.

Two days for collaboration/logistics and one extra day for UK people for lectures for BNU students.

Zonghong prefers 29th-31st Aug.

Problem: overlap with DAWN workshop etc.

No objection for Aug.

Overview for funding?

travel

Budget 30,000 pounds per year for travel. For exchange between China/UK.

Should spend this funding.

Additional 26,000 pounds restricted on travel, by the end of this year.

outreach

- portable interferometer
- Not just display of tabletop interferometer.
- Can display phase locking etc.
- Can build some and send to interested people under GrEAT fund.
- Stickers/Flyer etc. translated into Chinese and available for printing.

Martin: will share low resolution version of the files later.

Nils: experience from India: much cheaper to print locally, BUT can't control quality.

Martin: Nils book translated?

Nils: new book about science. It could be interesting to translate for distribution in China but need to discuss the details

AOB?
